Part III.

- ☒ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview directly resulted in the allowance of the application. The examiner will provide a written summary of the substance of the interview in the Notice of Allowability.
- ☐ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview did not result in resolution of all issues. A brief summary by the examiner appears in Part II above.

(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: Claim 29 does not specifically recite the two main assemblies, the first assembly being a swirl generator and a second assembly including a cyclonic evaporator which includes a heat exchanger or heating medium to operate as an evaporator. This was added to claim 29 which renders applicant's claims patentable over the prior art..
